Activation Method

Start by choosing the method you'll use to add people to your account.

I do not have an Activation Code and want to activate by phone.

I have an Activation Code to enter now. (This code is provided by your school for each child; not required to activate by phone.)

Next Cancel

You will need to choose the first option. We will create activation codes later for staff who are not able to get in this way.

Add Contact

Enter the ID numbers of the people you wish to add to your account.
You can add multiple people to your account in a single call to our toll free number.
Enter all of your ID numbers by using the Add More button.
Clear any ID numbers you don't want to include, then click Next.

The next step is to add a contact. This is where you add your students' IDs.

Phone Activation

People to Add: The person with the following ID Number can be added by following the confirmation steps below.
T2

Confirmation Steps: You must follow these steps within 24 hours to add the above person to your account.

[Print this page now](#)

Step 1. You must call from one of the phones listed below in order to verify your caller ID with our records.

For security reasons, we have hidden parts of your phone numbers with "xxx".
(xxx)xxx-x385
(xxx)xxx-x532

 If your phone service has caller identification blocked, you must first dial *82 to unblock it for this call.

Step 2. Call (855) 553-7299
Step 3. When prompted, select option 2.
Step 4. When prompted, enter this activation code ~~776 776~~
Step 5. When the call is complete, log back into your Contact Manager account to edit your notification preferences.

Here are the messages I have received so far.

I can edit any contact by clicking on Edit.

This is hard to read, but the phone numbers are listed first (the main one is locked), then the email addresses.

If you want a text message, then click in the SMS box, enter the phone number that will receive the text and choose what options you want for the text.

Don't forget to save.

You will get an email from support@relianceco.com to verify your account. Click on the link to open the Confirmation page.

The email has the comment "You are required to provide the following customer code: neycsd". We have no idea what that means. *You need to enter the password that you just created for your account.*

You may update the information in your account at anytime by going to contactme.schoolmessenger.com. Please also contact your child's building when you change your main information.
